

JOIN US FOR A PRESENTATION

With more than twenty years experience in the field of Nutritional Medicine, Stuart Tomc, Global Educator and Spokesperson for Nordic Naturals, is an authority on evidence-based dietary supplements. He is a respected consultant to the World Health Organization and integrative physicians worldwide, having traveled the world as an educator and trainer for more than 15 years.

The Big Fat Story & the Omega-3 Deficiency

*How to Balance Your Fats
From Birth to the Golden Years*

with **STUART TOMC, CNHP**

Discover the health benefits of essential fatty acids from omega-3 expert Stuart Tomc. Attendees will learn:

- Why the right balance of essential fatty acids is critical at every age
- How a widespread deficiency is impacting health around the world
- How to use a state-of-the-art database to discover dietary changes that optimize omega-3 levels
- How the latest omega-3 nutritional science reveals the remarkable power of these important fats
- Lectures are CPD accredited by the NTOI and IANT
